

MSF Switzerland (MSF-CH)

JOB VACANCY – MEDICAL DOCTOR

Médecins Sans Frontières (MSF) is an international, humanitarian, non-governmental organisation providing assistance to people in need as a result of natural and man-made disasters, irrespective of race, religion, ideology or politics.

MSF Switzerland (MSF-CH) is now looking for a qualified backup/daily workers pool of South Sudanese individuals that can be deployed as daily workers or contracted as needed. This backup/daily worker pool will be valid for 12 months from the date of final recruitment; successful candidates will be called to work as daily workers or contracted directly without any further recruitment procedure throughout this time period.

Position: MEDICAL DOCTOR

Number of Vacancies: Backup pool

Location: Mayen Abun, Twic County, Warrap State

Scope of responsibilities:

Provide outpatient and/or inpatient medical care to patients/beneficiaries according to adapted and updated medical knowledge, MSF protocols, values and universal hygiene standards to improve the patients/beneficiaries health conditions.

Main tasks:

- Apply medical knowledge and skills to diagnose and prevention. Carry out outpatient and inpatient consultations, prescribing the necessary treatment respecting **MSF** protocols.
- Keep the patient and/or his/her family informed about the illness and provide appropriate explanations about the treatment to follow, checking they have understood.
- Follow up the evolution of the hospitalized/IDP patients, through daily visits , consultations and examinations, prescribing the necessary treatment following **MSF** protocols, deciding whether they can be discharged or transferred to other departments – in collaboration with other doctors- and informing their family about the patient's evolution.
- Check and control the rational distribution of medicines and equipment under his/her responsibility and take care the quality, disinfection and sterilization of the medical material. Assure general compliance with standing hygiene standards.
- Participate in the collection and analysis of epidemiological data, checking its validity and informing the line manager or project coordinator about any problem or complication of the patients illness, medical error and monitors the proper functioning of the department, equipment or material.
- Ensure ongoing training of the medical/paramedical multidisciplinary team in order to optimize the quality of care.
- Knows and ensures all MSF medical protocols are followed and implemented, checking universal precautions are followed at all times and reducing bio-hazard risks and improving infection control. Ensures professional confidentiality is respected.
- Manage the team under his/her direct responsibility according to MSF HR policies and procedures, supervising their performance, organizing and scheduling shifts and rotations, directly participating in emergencies and on calls if necessary.
