About FARM STEW South Sudan (FS-SS)

FARM STEW South Sudan (FS-SS) is a non-profit making, Christian organization that was founded in South Sudan in November 2018. FS-SS aims at promoting the health and wellbeing of rural and small families. FS-SS aims to respond to the ever-increasing social, economic, health, and illiteracy challenges facing many South Sudanese.

FARM STEW is an acronym that represents eight ingredients of a recipe for abundant life: F (Farming), A (Attitude), R (Rest), M (Meals), S (Sanitation), T (Temperance), E (Enterprise) and W (Water).

FS-SS core sectors of work include Food Security & Livelihoods, WASH, Education, Health and Nutrition, as these are the most development aspects that South Sudan needs to attain sustainable development (SDGs).

We educate the poorest and most hungry families on how to improve lives through fresh, home grown food, clean water, and strong community unit. We equip families to address the root causes of hunger, diseases, and death.

FARM STEW South Sudan is currently operating in **Western Equatoria**: Maridi and Yambio, **Central Equatoria**: Juba and Yei, **Eastern Equatoria**: Torit, Magwi, Ikwotos **Western Bahr El ghazāl**: Wau, Jur River. **Warap**: Tonj South

Our Vision: We envision "families, communities, and nations who thrive by achieving abundant life both now and for eternity."

Our Mission: To improve the health and well-being of poor families and vulnerable people around the world."

SUMMARY OF THE POSITION.

FARM STEW South Sudan is currently in partnership with SNV implementing EU, BMZ and EKN funded, "Community Driven Rural Development (CDRD) Extension" Project in Juba County. Therefore, FS-SS seeks motivated Field Extension professional to undertake the role of Field Extension Officers(x4). Under the overall guidance of the CDRD Project officer, the field Extension officers will assume a field implementation role under CDRD extension Project in the context of the FS-SS strategic plan and work plan. She/he will work closely with the CDRD Project officer and other team members to achieve the CDRD project objectives.

EXTERNAL/INTERNAL JOB ADVERTISEMENT:
Field Extension Officers (FEO) - Juba City, Liria & Aru Junction

The Position is responsible for providing technical support, mobilizing and training smallholder farmers, establishing and managing demonstration plots, VSLA and Cooperatives, facilitating linkages with input/output markets, and supporting farmer groups in leadership, governance, and access to finance. The role involves close collaboration with local communities, agro-dealers, producer groups, and other stakeholders to ensure timely and quality implementation of project activities.

ROLES AND RESPONSIBILITIES.

- 1- To ensure farmers' Capacity Building in Production and Climate Adaptation**
 - Mobilize smallholder farmers in target communities.
 - Plan, organize, and deliver regular field training sessions on cereals, vegetable, and fruit production using climate smart and improved agricultural practices.
 - Establish and manage well-demonstrated learning plots (demo plots) showcasing improved agronomic practices.
 - Provide on-site extension and advisory services to farmers to improve production and resilience to climate shocks.
- 2- To ensure farmers' Access to Inputs and Climate-Adapted Production**
 - Identify and engage with private sector actors/agro-dealers for sustainable input supply.
 - Facilitate farmer-input supplier linkages.
 - Support farmers to access quality seeds, tools, and climate-resilient inputs.
- 3- To facilitate Value Chain Development and Market Linkages**
 - Support the strengthening of women and youth-led farmer groups/cooperatives in leadership, governance, and gender mainstreaming.
 - Facilitate market assessments and link farmers to viable output markets (e.g., traders, aggregators, processors).
 - Promote improved post-harvest management and collective marketing strategies.
- 4- To facilitate farmers' Access to Sustainable Finance**
 - Facilitate training and sensitization of farmer groups on Village Savings and Loan Association (VSLA) methodology.
 - Support formation and strengthening of VSLAs among farmer groups to enhance access to finance for production and marketing.
 - Work with project teams to monitor and document the performance of VSLAs and their contribution to agricultural investments.
- 5- To facilitate Monitoring, Reporting & Coordination activities**
 - Prepare weekly and monthly work plans aligned with project deliverables.
 - Collect and document field data, success stories, and lessons learned to inform project reporting.
 - Support baseline and follow-up surveys, field assessments, and monitoring missions.
 - Submit regular progress reports to the FSL Project Officer, highlighting achievements, challenges, and recommendations.
 - Coordinate activities closely with local authorities, community leaders, NGOs, private sector actors, and other stakeholders.

Qualifications and Experience

- **Education:** Diploma or Bachelor's degree in Agriculture, Agronomy, Rural Development, Agribusiness, or related field.
- **Experience:**
 - Minimum 3 years' experience in agricultural extension, community development, or similar field-based roles.
 - Experience working with smallholder farmers on crop/Vegetable production, value chain development, and climate-smart practices.
 - Familiarity with market linkages, private sector engagement, cooperatives, and VSLA methodology is an added advantage.
- **Skills:**
 - Strong training, facilitation, and community mobilization skills.
 - Good understanding of local agricultural systems and challenges.
 - Ability to work independently in rural field environments.
 - Excellent communication and reporting skills.
- **Language:** Fluency in English, Juba Arabic and relevant local languages (e.g. Bari, Lokoya, Lolubo).
- **Core Competencies**
 - Commitment to community-driven development and gender equality.
 - Strong interpersonal and team-building skills.
 - Results-oriented with ability to meet deadlines.
 - Willingness to travel frequently to remote field sites.
