

Médicos del Mundo

Position needed:

Health Officer

Location: Panyagor, Jonglei State, South Sudan

MISSION

Working as an essential member of a diverse team who are committed to serve the world's most vulnerable with practical and compassionate care, the health officer assists the Health Manager to support health activities of the program.

GEOGRAPHICAL SCOPE OF INTERVENTION

The successful candidate will be based in Panyagor, Twic East (Jonglei State - South Sudan).

ORGANIZATION CHART

The successful candidate will supervise and provide support for activities in health facilities reporting directly to the health manager.

FUNCTIONS

The health officer will have the responsibility to support the County Health Technician for the projects for which he/she is responsible, integrating the following main tasks:

Health Management

- Responsible for the implementation, supervision of the assigned health projects in line with the activity plan of the project proposal and national and international guidelines. Conduct regular field trips to PHCCs/PHCUs and other health facilities for technical support and supervision. Assist County Health Technician in assessments of health facilities when necessary.
- Conduct on-job training for the staff in the supported health facilities and/or BHI program.
- Regular monitoring and evaluation of program activities. Ensure the quality of the programme, with reports being made to the relevant program managers.
- Provide input into the integration of beneficiary participation in all aspects of the project.
- Oversee the process of data collection to meet the requirements and deadlines set by MdM and external partners. Working closely with the Data and/or M/E officer ensure quality and deadlines for reports and data analysis.
- Provide inputs into the development of the county health strategy and donor proposals.
- Support the Pharmacy officer in all the activities of the Medical warehouse as well as in the supported health facilities to ensure quality standards such as cold chain are maintained.

Quality Management

- Promote and use the Organizations, National and International guidelines, protocols and operating procedures.
- Implement relevant policies and standards relating to health service delivery including WHO and UNICEF standards, Ministry of Health and donor guidelines and other best practices.
- Participate as requested in internal workshops and training sessions to keep up with changing trends, new guidelines and best practices.

Staff supervision

- Support County Health Technician with management of the Base health team (if any) in the implementation and monitoring of the project activities/Pharmacies/implementing Partners such as CHD/MoH or any other.

Academic background: Mandatory - Medical Diploma or Degree (Qualified Doctor, Nurse or clinical officer).

Desirable: Public health background is highly desirable.

REQUIREMENTS

Language requirements: High level of spoken and written English. Dinka and Arabic are desirable.

Computer requirements: Proficiency in computer use; Microsoft word/excel and emails.

EXPERIENCE

- Experience in technical Staff capacity building for health programs.
- Relevant experience in team supervision, implementation and monitoring of health programs/projects in Humanitarian contexts
- Considerable experience in humanitarian project management cycle

COMPETENCE PROFILE

- Ability to classify and manage priorities; meet deadlines
- High level of autonomy
- Organizational skills and rigor
- Good report writing and presentation skills
- Excellent communication skills with sense of diplomacy
- Strong commitment to the organization and its values
- Strong ability to work well within a team
- Ability to work in a challenging and rapidly changing environment
