1. Introduction

The Civil Society Facility (CSF) for South Sudan is a multi-donor fund established to strengthen the organisational capacity of South Sudanese Civil Society Organisations (CSOs) and increase their effective and sustained engagement with local authorities and decision-makers, so as to identify and jointly address their communities' salient needs and priorities. Ultimately, it is envisaged that a strong civil society will bring positive change in lives and wellbeing of communities/groups. Mott MacDonald (MM) is managing the Facility on behalf of three donors, including the Embassy of the Kingdom of the Netherlands (Lead Donor), Sweden and Norway.

To achieve the above objectives, CSF utilises a combination of methodologies: (a) Grant Making, (b) Capacity development, and (c) Learning and Knowledge Management.
