MSF-FRANCE JOB ADVERTISEMENT

Médecins Sans Frontières/Doctors without Borders (MSF), founded in 1971, is an international humanitarian aid organization that provides emergency medical assistance to populations in danger in more than 70 Countries.

Médecins Sans Frontières – France (MSF-F) is looking for highly motivated and enthusiastic candidate for the below position in Juba Coordination.

To promote diversity and inclusion, we encourage female candidates to apply for this position. Our organization is committed to gender balance and equal opportunities

POSITION: X-ray Technician (External)

POSITION LOCATION: Aweil Town – North Bahr El Ghazal State

TYPE OF CONTRACT: Fix Term Work Contract (6 months) with extension.

Operating and being responsible for the new X-Ray Machine

MAIN ROLES AND RESPONSIBILITIES

MAIN RESPONSIBILITIES:

- Performs X-ray examination according MSF protocols, security measures and standards of hygiene and privacy to contribute to the improvement of the health condition of the patients.

Accountabilities

- Providing radiology services on medical doctor's request, to both in-patients and out-patients. Reporting immediately to the medical referent any problem regarding patient's health status.
- Reporting to the medical team on the results of the x-ray performed using X-Ray Form and Patient Files. Keeping accurate record of all images produced and providing weekly summaries of all performed radiological examinations. Compiling weekly data on activity and contributing to general statistics of the project.

- Always communicating with patients and staff in a clear and respectful manner and upholding patient confidentiality.
 - Perform cleaning and minor maintenance for biomedical equipment used. Following the user manual and protocols and alert supervisor in case of malfunctioning, loss/robbery/damage of x-ray room material and/or devices. Undertaking regular Quality Assurance checks on equipment and radiographs.
 - Upholding and ensuring staff/patients compliance to all radiation safety regulations. Identifying vulnerable persons to radiation such as pregnant women and protecting them accordingly. Ensuring radiation safety by using protective aprons and specific devices and clearly marking and respecting all radiation areas.
 - Knowing and applying hygiene protocols. Carrying out cleaning and tidying up of the x-ray devices and ensuring proper waste disposal according to MSF safety standards.
 - Doing regular inventories of stocks and ensuring all materials are stored according to each specific condition.
- Participating in team meetings and possible training. Collaborating in any emergency, if required by the supervisor or coordination.

REQUIREMENTS

Education	• Radiographer / X-ray technologist.
Experience	• Two years is desirable working experience, preferably in digital imaging system. • Previous work experience with NGOs is an asset.
