

TENDER FOR FRAMEWORK OF SERVICE FOR CAR RENTAL SERVICES JUBA REF: FW-05/06-25 LOT 1

BACKGROUND/INTRODUCTION

Islamic Relief is an independent humanitarian and development UK-based organization, with an active presence in over 40 countries across the globe, we strive to make the world a better and fairer place for people still living in poverty. Islamic relief began its humanitarian operation in South Sudan in 2004 focusing on providing lifesaving aid and implementing developmental Programmes to support people affected by the flood, drought, and Conflict establishing three sub-offices in Narus (Kapoeta East), Wau, Warrap. A satellite office in Yei and the Main office in Juba.

Our vision:

Inspired by our Islamic faith and guided by our values, we envisage a caring world where communities are empowered, social obligations are fulfilled and people respond as one to the suffering of others.

Our mission:

Exemplifying our Islamic values, we will mobilize resources, build partnerships, and develop local capacity, as we work to:

Enable communities to mitigate the effect of disasters, prepare for their occurrence and respond by providing relief, protection and recovery.

Promote integrated development and environmental custodianship with a focus on sustainable livelihoods.

Support the marginalized and vulnerable to voice their needs and address root causes of poverty.

We allocate these resources regardless of race, political affiliation, gender or belief, and without expecting anything in return.

Vehicle Types and Specifications:

1. Safety and Emergency Equipment

- **First Aid Kit:** A fully stocked first aid kit is essential for any emergencies. It should include bandages, antiseptics, pain relievers, wound dressings, and other basic medical supplies.
- **Fire Extinguisher:** A portable fire extinguisher (ABC class) to handle minor fire outbreaks, especially in remote areas where emergency services may be far.
- **Emergency Warning Triangle:** A reflective warning triangle to alert other drivers in case of a breakdown or emergency situation.
- **Tow Strap/Recovery Rope:** A durable tow strap or recovery rope for pulling the vehicle out of mud, snow, or difficult terrain.
- **Jumper Cables:** For jump-starting the vehicle or assisting another vehicle in case of battery failure.

- **Vehicle Flares:** Flares can be essential for signaling distress, especially in low-visibility

2. Off-Road Performance Equipment

- **Spare Tire and Tire Changing Tools:** Ensure the vehicle is equipped with a full-size spare tire, jack, lug wrench, and other necessary tools to change a tire in the field.
- **High-Lift Jack or Bottle Jack:** A high-lift jack (or heavy-duty bottle jack) is essential for lifting the vehicle in tough off-road conditions, particularly when the vehicle is bogged down or stuck in deep terrain.
- **Tire Repair Kit:** A basic tire repair kit with puncture plugs, tire patches, and tools for temporary repairs on-site.
- **All-Terrain Tires:** Make sure the vehicle has high-quality, durable all-terrain or off-road tires suited to the terrain you'll be driving on (sand, mud, rocks, etc.).
- **Snatch Block or Winch:** A winch mounted on the front or rear of the vehicle for self-recovery or pulling other vehicles out of trouble.

3. Vehicle Maintenance and Support Equipment

- **Tool Kit:** A well-equipped toolkit containing basic tools such as screwdrivers, pliers, wrenches, socket sets, and duct tape for minor repairs in the field.
- **Engine Oil and Fluids:** Carry extra engine oil, brake fluid, coolant, and windshield washer fluid to ensure that any maintenance needs can be addressed immediately.
- **Air Compressor:** A portable air compressor for reinflating tires, especially if tire pressure drops in extreme conditions like sand or high-altitude driving.
- **Battery Jump Starter Pack:** A portable battery jump starter pack in case of a dead battery, reducing the need for external assistance.

4. Lighting and Visibility Equipment

- **LED Light Bar or Additional Spotlights:** For improved visibility during night driving or in poorly lit areas, adding a LED light bar or additional spotlights can help with off-road navigation.
- **Headlamps and Flashlights:** Headlamps and flashlights for the crew for working or operating at night or in low-light situations.
- **Reflective Tape or Stickers:** Adding reflective tape or stickers to the vehicle can improve visibility for others, especially in low visibility conditions.

5. Personal Protection Equipment

- **Protective Gear:** Ensure the vehicle is equipped with personal protective equipment (PPE) such as gloves, safety vests, and helmets if needed for your specific operational environment.
- **Sun Protection Kit:** Items like sunscreen, sunglasses, and hats are important for long hours spent in the sun, especially in desert or tropical environments.

6. Miscellaneous Equipment

- **Shovel and Spade:** These tools are useful for digging out the vehicle in case it gets stuck in sand, mud, or snow.
- **Rain and Dust Covers:** Rain covers or dust covers for the vehicle or equipment in the event of heavy rain or extreme dust storms.
- **Windshield Cover/Protection:** A protective cover for the windshield can shield the vehicle's windows from harsh sunlight, dust, and debris, extending the life of the vehicle.
