

Vacancy Announcement

For South Sudanese Nationals Only

WASH TECHNICIAN

General information:

- Organization: Polish Humanitarian Action (PAH)
- Position: WASH Technician
- Supervisor: WASH Project Coordinator
- Location: Juba with frequent travels to the field
- Closing date: 04th January 2022

What PAH is about:

Polish Humanitarian Action (PAH) is a non-governmental organization employing people who want to make the world a better place. For over 25 years, we have been providing relief in big and small emergencies worldwide alongside with running missions in several countries in crisis. Our interventions of both humanitarian and development character have been carried out in 49 countries so far. We concentrate on ensuring sustainable and stable development of regions suffering consequences of war and/or natural disasters. We possess long-standing expertise in Water, Sanitation and Hygiene (WASH), but also implement projects in Food Security and Livelihoods (FSL), as well as Shelter, Nutrition and Education. For more information, please refer to www.pah.org.pl

PAH in South Sudan

PAH has been working in South Sudan since 2006 as one of the first NGOs established in Jonglei State. We are a small team of committed individuals aiming at delivering tangible and sustainable change in the largest, most populous and most conflicted state of South Sudan. We are needs- and community based, hence aside drilling and repairing boreholes, developing accompanying O&M structures and innovative approaches to sanitation and hygiene promotion, we have also been developing our emergency response capacity. Our Emergency Response Team (ERT) mainly reacts to WASH and NFI needs of populations affected by conflicts and natural disasters, which have been on the increase for the past three years. Thanks to the expertise gathered over the years, we were also appointed to lead WASH Cluster in the state: we coordinate WASH emergency response with partners and hence make sure all vulnerable communities are served at the time of crisis.

Who PAH is looking for?

Polish Humanitarian Action is looking for a suitable candidate for the position of **WASH TECHNICIAN** for a project to be based in Pibor, South Sudan.

Key objective of the post:

- Lead the rehabilitation of water sources, upgrading water sources to mini-water yards and constructing/drilling new water systems according to the standards set up by PAH.
