

“ building societies where health and inclusion are considered a human right”

CALL FOR CONSULANCY FOR THE DEVELOPMENT OF THE LOCAL PARTNERSHIP FRAMEWORK.

Posting date: **12th Dec 2022.**

Deadlines: **22nd Dec 2022.**

Organization Background:

Community Health and Empowerment Support organization (CHESO) is a south sudanese national NGO established and registered with RRC in June 2016 by the a network of dedicated youth and women in order to support humanitarian emergency and development services to the floods, disasters and conflict affected communities in south sudan. CHESO support communities through adequate delivery of services packages in WASH, Health and nutrition, peace building, Food security and livelihoods, Education and Child protection.

CHESO empower small scales enterprises (SMEs) through capacity building and training, groups formation and training on leaderships, loan and funds management and provision of leadership manuals, CHESO support local farmers on entrepreneurship skills and agri-business in Lakes state. Also support advocacy activities on Gender based violence, child protection, health and education in different local contexts in south sudan. CHESO has its office in rumbek and its coordination in Juba, central Equatoria.

Purpose of the call:

CHESO would like to adopt a new strategy by working with International NGOs, UN agencies and donor communities in order to boost its target achievements at the local levels, CHESO partner with local groups including farmers associations, women groups at the community in order to increase its value of services by the local communities in south Sudan. CHESO would like to have a local partner framework detailing how it will coordinate with international NGOs, UN agencies and Local associations and specification of the duties. the document will help us utilize each service to reach deeply the target clients in our areas of operation.
