

TEARFUND SOUTH SUDAN

Call for Expression of Interest for Partnership with Tearfund

April 2024

Background

Tearfund is a Christian charity with over 50 years of experience in international development. We believe that poverty is not God's plan, and an end to extreme poverty is possible.

We work directly, and/or alongside local partners and churches, in underserved communities in more than 50 countries to tackle complex poverty in three main ways:

- Humanitarian response; We respond quickly to disasters and conflicts, supporting those in greatest need throughout the recovery process.
- Community development; We partner with local churches and organisations, mobilising resources and empowering communities to lift themselves out of poverty.
- Advocacy and influencing; We help individuals and churches speak out on issues of poverty and injustice, and we challenge unjust policies and practices at a local, national and global level.

We believe an end to extreme poverty is possible. See more information [here](#).

Tearfund South Sudan Partnership and localization

Tearfund has been working in South Sudan since the 1970s. This work has been delivered through our partner organisations, and also directly through our own operational humanitarian response since 1998.

Tearfund's South Sudan expertise and current projects include Church and Community Transformation, Nutrition, Food Security, Peacebuilding, WASH and Environment, Gender and Protection.

Tearfund's relationship with local partner organisations is much more than a channel for funding. Tearfund works with these grassroots organisations to address the causes and consequences of poverty. We have a strong belief in the power of working together with local actors and are excited to expand our network and learn from others.
