Purpose of the Position:

Coordination of assessments, efficient and timely submission of accurate reports from field sites, maintains an appropriate data capturing, cleaning, storage, and ensure consistent data throughout the implementation of emergency response program.

Duties and Responsibilities:

- Work with the team leaders and M&E Officer to develop a monthly data collection and verification Plan for the emergency project.
- Provide support in revising data collection tools and reporting templates as needed to reflect the continually changing of reporting demands of donors, partners, and clusters
- Work with the relevant field team leader and projects officers for data collection and ensure all project reports are collected, consolidated and sent to M&E Officer/Team Leader in timely manner as required.
- Support in setting up a filing system, and ensure the system running for data storage purposes.
- Review weekly and monthly reports, share performance analysis and ensure good quality.
- Provide training to relevant programme staff on M&E tools, data collection and analysis and basic surveying and sampling techniques.
- Support the design and implementation of post distribution monitoring surveys, distribution monitoring process and assessment by ensuring the full participation of all project stakeholders at field level.
- Regularly share with the project team leader and M&E Officer the updated project activity tracking tool (ATT), Indicators performance tool (IPT), the FSL clusters 5Ws reporting tools and the beneficiaries' data base.

Desired Qualifications/Skills/Experience:

- A Diploma in Sociology, Statistics, M&E or any other related fields. Certificate with more than 4 years of experience

- Proficient knowledge in conducting post distribution monitoring, Distribution monitoring process and reporting, Baseline and End Line Survey using standard sampling methodology.
- Knowledge in capturing lessons learnt, best practice and success stories for emergency projects.
- Proficient knowledge in using statistical software for data Analysis such as SPSS, ODK and at least conversant with Excel spread sheet Pivot Table for analysis
- Speaks clearly, writes effectively and persuasively in positive or negative situations; listens to others to effectively and efficiently share information and ideas; and demonstrates ability to build relationships within and outside the organization based on trust and professionalism.
- Works cooperatively with others in the organization to achieve the organization's mission, values, and goals.
- Ability to exercise conscience and non-tolerance to corruption and discrimination.
- The person appointed to this position is to abide by the policies and personal code of conduct set by the Norwegian People's Aid (NPA) and represents the organization in a loyal and responsible manner.
- At least at least 3 years' experience in Monitoring, Evaluation and Learning in Relief /Humanitarian work and FSL in emergencies.
- Experience in beneficiaries' accountability with proficient knowledge in designing beneficiaries' complaints and feedback handling mechanism
- Should be a team player
- Strong interpersonal skills
- Good problem solving skills
- Honest and neutral individual
- Strong interpersonal and excellent organizational skills
- Good report writing skills
- Ability to multitask,
- Strong interpersonal and excellent organizational skills.
- Good Computer Skills.
