Vacancy position	1 Position
Country Program:	South Sudan
Duty Station:	Juba
Position Reports to:	Country Director
Position Opened for:	South Sudanese
Contract Duration:	1 year (with possibility of extension depending on funding)
Desired Start Date:	ASAP
Closing Date:	3rd February 2022

JOB DESCRIPTION

Overall purpose of the role:

The South Sudan MEAL Manager is responsible for the MEAL and information management (IM) teams working in his or her geographical area of responsibility and is the direct line-manager of at least one MEAL Officer, one IM Officer and all the MEAL and IM teams working in his or her geographical area. He or she is in charge of deploying HI's MEAL and IM standards on his or her programme and ensuring their application.

The overall coherency of the projects and their quality control is ensured by the MEAL department and the Technical Unit.

Detailed Responsibilities:

Mission 1: Management

- Manager as a role model: embodies HI's values on a daily basis.
- Manager as coach for meaning: understands the strategy, makes it explicit, translates it into operational objectives for his or her team, leads the necessary changes. Gives meaning to each management action. Encourages inter and intra departmental exchanges of practice. Encourages innovation and risk-taking.

- Operational manager: organizes the operational management of his or her team, structures the work around identified processes, steers performance and facilitates the resolution of problems.
- Manager 1st HR&Coach: contributes to the development of his or her staff, creating the conditions for their commitment, professionalism and attachment to HI. Ensures compliance with the code of conduct of institutional policies, the state of mind and the expected individual and collective behavior.

Mission 2: Strategy and steering

- Helps with the development of operational strategy (StratOp) in line with HI strategy, StraTechs and Development plans (notably 3I and Emergency), including the development of the StratOp monitoring tool;
- Defines and oversees the programme's MEAL action plan;
- Drives the performance of his or her service.

Mission 3 : Standards and expertise

- Is responsible for defining systems for monitoring, data collection, information management, evaluation, accountability to populations, learning and knowledge management that are adapted to the context of intervention and ensure compliance with HI standards;
- Ensures that the systems put in place on the various projects are consistent with each other and with HI's frameworks and standards and enable the consolidation of information for use in the programme's global management.

Mission 4 : Operational implementation

Responsibility 1: Contributes towards improving HI's response within his/her geographical scope

- Is responsible for the implementation of tools for measuring outcomes and impact that facilitate decision-making, learning and accountability;
- Is responsible for putting in place a system for ensuring accountability towards populations;
- Contributes towards the articulation and application of HI's institutional policies and crosscutting approaches;

Responsibility 2: Contributes towards defining and improving the quality of projects in line with HI's global frameworks and technical standards

- Provides technical support to the technical specialists in establishing quality indicators, monitoring methods and data collection tools;
- Contributes to the design and drafting of project proposals;
- Is responsible for ensuring that regular project evaluations take place.

Responsibility 3: Contributes towards improving the quality of project management, as defined in HI's Project Planning, Monitoring and Evaluation (PME) policy

- Provides technical support to the project teams for the implementation of monitoring, evaluation and accountability tools and methods;
- Provides technical support to operations managers, country managers and project managers for the application of PME policy and verifies its application.

Responsibility 4: Contributes towards the ownership of learning frameworks and methodologies by the programmes and by HI in general

- Is responsible, for implementing processes and methods for collecting, analyzing, modelling and ownership of the knowledge produced;
- Proposes an analysis of the information collected and the knowledge produced to strengthen collective learning;
- Ensures the continuous improvement of learning frameworks and methodologies;
- Ensures access to relevant internal and external information for all staff

Responsibility 5: Ensures the external representation and promotion of HI's expertise in his/her field.

- Represents HI's MEAL and IM expertise in all relevant regional networks;
- Contributes towards advocacy on specific subjects (notably through the consolidation of evidence-based factors) in line with the StratOp and federal advocacy priorities;
- Contributes locally to communication messages in line with the StratOp and federal communication priorities.

Mission 5 : Emergency Preparedness and Response Responsibilities

- Leads the emergency preparedness actions in his/her department and, in case of emergency, reorganizes the priorities of his/her team according to the humanitarian imperative, in order to ensure HI's quick and efficient response.

Note: This job description is not exhaustive and the staff member may be asked from time to time to perform duties over and above those described here. The staff member is also expected to maintain confidentiality of all beneficiaries and internal information at all times.

Working experience:

- 3-5 years' experience in monitoring & evaluation, proven track record of implementing MEAL systems/strategies.
- Solid work experience in monitoring and evaluation systems.
- Experience Software designs, Data Analysis (Advanced Excel, Power BI, Tableau) Design & Use of SurveyCTO, KoBo, ODK & Digital data gathering, Creation and Using Power BI, Tableau and VBA
