#### 6. Ownership of the tender

Malteser International reserves/funds ownership of all tenders received. Therefore, bidders will not be able to stipulate requirements that their tenders are to be returned.

#### 7. Opening of the tender

The tenders will be opened on 12<sup>th</sup> February 2026 in MI Office in Juba, South Sudan, by the Evaluation Committee. The selection process will be recorded in writing by the Evaluation Committee.

#### 8. Tender Evaluation and Method

Tenders shall be evaluated according to the following procedure:

Firstly, tenders shall be checked on compliance of legal documents and evaluated on the following exclusion criteria:

1. **Not submitted legal documents as specified at 3. Content of Tender**
2. **Not bided according to the specifications**
3. **Not submitted within the deadline**

Secondly, tenders found to be compliant and fulfilled exclusion criteria will be evaluated by an internal evaluation committee through an evaluation tender analysis using the following selection criteria, which include both technical and financial criteria:

- **Financial Proposal (40%)**
- **Documented construction Experience (at least 5 years of service to non-governmental organizations) (20%)**
- **Machinery and equipment (10%)**

**Malteser Hilfsdienst e. V., Malteser International, Erna-Schaeffler-Str. 2, 51103 Cologne, Germany**

- **Personnel Capacity (A team of qualified staff with relevant qualifications and experience (20%))**
- **Delivery lead time (10%)**

The selection criteria mentioned are to be weighed (100%) and for each of the eligible tender ratings 1-5 of the selection criteria will be applied from the internal evaluation committee according to project needs. The result of the analysis is an overall score, that determines the further selection and award of the tenders.

Furthermore, the evaluation committee reserves the right to make a final decision and award a contract based on a physical visit, thus bidders are encouraged to be available for visits. The physical visit will assess the contractors in the categories below:

- Availability of reasonable stocks related to latrine construction
- Availability of machinery and tools required for latrine construction
- Financial statements with a balance above or equal to the approximate contract value
- General office set-up

The set criteria shall be used to determine the most economically advantageous tender for contract award:

- a. The bidder's initial proposal should contain the tender's best terms from a cost or price and technical standpoint.
- b. If tenders are determined to be equivalent based on the selection criteria, price could then become the deciding criterion for award.
- c. Bidders are forewarned that an acceptable proposal with the lowest price may not be selected if award to a higher-priced proposal affords Malteser International a greater overall benefit,
- d. Malteser International will favorably evaluate a schedule, which shows earlier completion than Malteser International's required time frame. The Bidder's innovative approaches to accomplish early completion are encouraged.

## **9. Agreement and Payment Terms**

- Evaluation Tender Analysis and justification based on responsiveness of the selected bidder by internal committee
- Contract Agreement will directly be issued to the selected contractors upon approval.
- The payment will be done in United States Dollar by bank transfer or cheque as specified below. Payment will be made within ten days upon receipt of invoices for the completed Service.

**Bidders, who will not receive any notification from MI two months after the deadline of the ITT, should consider themselves unsuccessful in the procurement process.**
